PART IV.

Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 8th July 1882.

Bangalore District.—Rain-fall general. In the Bangalore Cantonment 1 inch 8 cents, in the Pettah 85 cents. Sowing of ragi, ballar and other dry crops, also of Kartika paddy in progress. Standing crops in good condition. Drinking water and pasturage sufficient. Prospects of season favorable. Public health generally good, but fever continues to prevail in most of the taluks and small-pox in Closepet and Kankanhalli. Murrain among cattle still prevalent in all the taluks. Prices: rice 12¼ seers, ragi 25½ seers and horse-gram 28½ seers per rupee.

Kolar District.—One inch 22 cents of rain at Kolar. Rain also fell in the taluks. Agricultural operations in progress. Ragi, avaré, togari, harka, navane, castor-oil seed and punaji paddy were partially sown. All standing crops are thriving. Drinking water sufficient. Pasturage improved. Public health generally good. Fever prevalent to a slight extent in the Mulbagal Taluk. Cattle in good condition. Prices: rice 12¾ to 13 seers and ragi 26 to 32 seers per rupee.

Tumkúr District.—Moderate rain in the taluks. Standing crops in good condition. Ragi, tuvar, ballar, javari, &c. were sown in parts. Prospects of season fair. Public health good. Small-pox in parts of the Chiknayakanhalli Taluk. Murrain still prevalent in parts. Supply of drinking water and pasturage generally sufficient. Prices: rice 11 to 14 seers, ragi 26 to 32 seers and horse-gram 28 to 40 seers per rupee.

Mysore District.—Two inches 91 cents of rain at Mysore. Rain-fall general and seasonable. Standing crops in good condition. Kar ragi, avare, tuvar, samé, oil-seed, harka, &c. were sown. Public health good, but small-pox still prevalent in the Heggaddevankote Taluk. Prices: rice 11 seers, ragi 20 seers and horse-gram 28½ seers per rupee. Heavy floods occurred in the Cauvery and Kabbani rivers, causing some damage in the towns on their banks.

Hassan District.—Five inches 16 cents of rain at Hassan. Heavy floods in the Hemavati and Yegachi rivers, rendering them temporarily unfordable. Standing crops in good condition. Paddy was partially sown in three taluks. Prospects of season favorable. Public health good. Small-pox however prevalent in parts of the Hassan, Nagamangala and Narasipur Taluks. Murrain abated, but cattle suffer much from the continuous rain which renders grazing impracticable. Drinking water and pasturage sufficient. Prices: rice 11 to 14 seers, ragi 20 to 26 seers, and horse-gram 22 to 32 seers per rupee.

Shimoga District.—Seven inches 58 cents of rain at Shimoga. Heavy rains have fallen filling tanks and wells. The Tungabhadra has overflowed its banks in many places. Standing crops in good condition. Paddy, ragi, jola, green and black gram, yellu, &c. were sown. Sugar-cane transplanted in Ságar, and paddy in parts of the Shikarpur Taluk. Prospects of season good. Fever and bowel-complaints prevalent, as well as small-pox in the Shimoga, Honnali and Ságar Taluks. Murrain still continues in parts. Prices: rice 12 to 16 seers, ragi 23 to 36 seers and jola 24 to 32 seers per rupee.

Kadur District.—Six inches 85 cents of rain at Chikmagalur. Standing crops, *viz.*, sugar-cane, paddy, ragi, avare, wheat, oil-seed, &c. in good condition. Prospects of season and public health good. Cattle in good condition. Drinking water and pasturage sufficient. Prices: rice 10 to 14 seers and ragi 23 to 28 seers per rupee.

Chitaldroog District.—One inch 14 cents of rain at Chitaldroog. Recent rains have revived the drooping young crops. Ploughing operations continued. Prospects of season favorable. Public health good. Cattle suffered from murrain in parts. Drinking water and pasturage sufficient. Prices: rice 10 to 14 seers, ragi 32 to 44 seers and javari 30 to 40 seers per rupee.

By Order,
R. VIJAYINDRA RAO,
Secretary.
